Executive director of CERIC-ERIC, a pan-European research infrastructure  
Member of the HLG of Innovators, supporting the EC in developing of EIC
- Member of ERA Council Forum Austria, advising Minister Faßmann

- **WHAT:**

EIC, as proposed, could meet our ambition of the HL Group – to make Europe a home to 1/3 of leading companies in major areas areas for breakthrough innovation in the next decade. It could set a new standard in how innovation is supported, inspire future entrepreneurs and contribute to a better functioning EU-wide innovation system. The winners will be the countries, which will systematic align their support to the one of H-Europe.
